## Battery Safety

'Tis the season of new toys and gadgets -- and plenty of batteries.

But batteries can be harmful to children and pets. Babies and toddlers may put small disc batteries in their mouths, causing a choking hazard or serious burns if the battery chemical leaks out. Dogs may find larger batteries attractive chew-toys, but their mouths, tongues, and gastrointestinal tracts can also be burned. Keep track of your batteries. Keep them away from pets and children and discard them carefully after they fade.

## HALF PRICE FRIDAY NIGHTS Girl Stuff

"Meet Me At Mama's" Girls Night Out  
Every Friday Night in the lounge "Girls Rule" with half price drinks and appetizers so you can have all the fun at half price

**PLUS FREE JUKE BOX**

## A Better Sauté

- When a recipe calls for sautéing, try using
- both butter and, say, olive oil, rather than just
- one or the other. Together, they give you the full,
- rich flavor of butter and the browning
- capabilities of olive oil.
