

### How the First Kiss Started

No one is certain when the custom of kissing began, but many anthropologists believe that mothers long ago would chew food for their babies, passing it from mouth to mouth. Another theory holds that kissing developed from sniffing, a common practice among many animals and peoples in primitive cultures, some of whom still rub noses as a greeting. Romans kissed each other hello, and some believe they kissed their wives to see if they had been drinking wine. By the sixth century, kissing was an accepted expression of affection. The French introduced kissing as a part of courtship; dances were concluded with kisses.

# Best Wines for the Money

Look at these bottles. Beautiful right. I've seen lots of good looking labels with nothing in the bottle to back it up. Oh yea, the wine salesperson comes in with the latest find. This great obscure wine that nobody's heard of and I get to be the guy to introduce it to the neighborhood. I crack open a couple bottles and pour a glass of each and blah. What's the big deal, the wine's mediocre at best.

**Surprise.** When I taste tested these wines I was really surprised. I expected maybe one or two would be ok for a back-up in a pinch but each and every one stood on its own as a great wine. These wines are full-bodied well balanced wines with great concentration and excellent fruit. The wines are Reserve quality wines. All of these wines are Estate Grown and bottled. Available in Cabernet Sauvignon, Carmenere, Merlot, Syrah, Malbec, Chardonnay and Sauvignon Blanc.

Here's the good part, **not expensive**. When I say not expensive I mean you get an estate bottled wine for 17 bucks. The whole bottle for 17 bucks. That's what two glasses of this quality wine usually cost. If you choose to have it by the glass it will be 5 bucks, still an incredible deal for a wine of this quality. We will be displaying bottles on every table throughout the month so you will be reminded to give them a try and let us know what you think.

## Ask Your Wife Out On A Romantic Date

If you want to romance your wife, think about how you won her heart in the first place. Your romantic relationship may have started out when you called her and asked her out on a romantic date. When you went out for the first time, you were sweet, romantic and you tried hard to impress her. She apparently enjoyed your loving attention, because she ended up marrying you. If you want to romance your wife, it is time to start dating her again. After you've decided on the plans for your romantic date, call her several days in advance and ask her out. When you call her, act like you are asking her out for a first date.
